Will you send this scrawl to Aunt Mary — I have not written to her this some time, for I could not bear to write to any body till those fair articles were sold — I got her letter & was very thankful for it. I will write to her very soon —

Write as often as you can find time = make Catharine write as soon as she comes from Hamilton — I am distressed about poor South Carolina. Her good spirits I think a bad sign.

In much haste

Give the gloves to Emma with my love. If she has a frame she can send them to Lucia —

I will exonerate you from some of those sums. I worked them out myself. 172. 173. 195. 199. 200. are the ones you may do for me. I should not trouble you with them but that — your explanations [redacted] heave light on other dark subjects & set me straight.
